MEDICARE PHYSICIAN FEE SCHEDULE INFORMATION

New for Calendar Year (CY) 2009

The Centers for Medicare & Medicaid Services (CMS) has condensed all 56 Physician Fee Schedule (PFS) carrier specific pricing files into one zip file. This file is found in the list on the CMS web page at <http://www.cms.hhs.gov/PhysicianFeeSched/PFSCSF/list.asp>. It is labeled as "All States" in the State field, and "2009" in the Calendar Year field. Because the list is ordered by State name, "All States" appears after the Alaska files. If you sort by most recent Calendar Year, the file will appear at the top of the list.
